

We adhere to the general terms of Electricity Sales recommended by the Finnish Energy Industry. The product-specific terms below specify the contents of the contracts for Basic Electricity and Wind Power.

Basic Electricity and Wind Power are valid until further notice. The prices of both products are updated four times a year. The price periods are 1st January–31st March, 1st April–30th June, 1st July–30th September and 1st October–31st December.

Before every three-month price period we will send an announcement of the price for the upcoming period, at least one month before the beginning of the period.
